

Reduce Your Ecological Footprint Poster Project

With a partner of your choice, you will design and make a poster telling people how they can reduce the size of their ecological footprint.

INSTRUCTIONS

1. Choose a partner (you may work alone).
2. Choose one section of the ecological footprint questionnaire to focus on.
Either:
 - Housing
 - Food
 - Transportation
 - Purchases OR
 - Waste
3. Design IN PENCIL a poster that tells people how they can reduce their ecological footprint in that section.
4. Colour and draw your poster and hand it in.

You will be marked on:

Application:

- Does your poster tell people how to improve their ecological footprint?

Communication:

- Is the poster neat, with proper spelling and grammar?

Thinking and Inquiry

- Is the poster original and creative?
